Networks and Protocols 2

Presentation

Facultad de Informática

- Networks and protocols is divided into two different subjects:
  - Networks and Protocols I, covering low-level (near physical) protocols and layers.
  - Networks and Protocols II, covering higher-level (near application) protocols and layers.
- Theory: live sessions via Zoom
- Labs: live sessions via Zoom with autonomous work
- Web page: https://iot-da.github.io/Subjects/NP2
- Grading:
  - Lab assignments (in groups): 30%
  - Paper assignments (in groups): 20%
  - Individual work (mainly quizzes): 20%
  - Final project (together with NP1): 30%
- Professor: Francisco Igual (figual@ucm.es)

New protocols and interfaces targeting IoT…
